

release notes – C11.11.3.5 & C11.11.3.6
& C11.11.3.7 & C11.11.3.8
23/06/2026 & 25/06/2026 & 26/06/2026

C11.11.3.5 - C11.3.3.8 release notes | 23rd, 25th & 26th June 2026

- ✓ Security enhancements, internal & external
- ✓ Various customer support tickets for individual instances
- ✓ Upgraded Data lake files
- ✓ New message screen for Managers who do not have the access they are seeking to view
- ✓ Certificate Manager profile enhancement to mass update

Manager permission | message screen

- ✓ A new screen to advise a manager that doesn't currently have access rights to an employee, rather than seeing nothing and reporting as an error they will now see this message and be able to consult with their Administrator to rectify if appropriate
